cart solutions
a cascade engineering company

21 Gallon (80 L) Cart

Cascade Cart Solutions is a symbol of excellence in residential carts. 21 gallon carts have performed in the industry since 1989, and are compatible with all semi and/or fully automated lift systems. Cascade's carts are designed for exceptional performance, durability, and functionality. Backed with a 10 year warranty, Cascade's carts are guaranteed.

COMPATIBLE WITH WASTE, RECYCLING AND **ORGANICS**

FEATURES

- **Process:** Injection molded, providing product uniformity
- **Material:** Made from recycled High Density Polyethylene (HDPE) resin, making our carts 100% Recyclable
- **Assembly:** Quick and simple, no tools required with a factory-installed lift bar and snap-on axle and wheels
- **Durability:** Designed for optimal compatibility and functionality with semi and/or fully automated lift systems, including a wear strip to permanently protect the bottom of the cart from abrasion
- **Performance:** Easy handling, excellent balance between stability and maneuverability

SPECIAL ASSETS

- **Cart Art:** Custom cart colors and hot stamping available, see your sales rep for details
 - › Communicate waste, recycling, or organic program instructions to your customers
 - › Display your company or city logo and serial numbers for traceability
- **Data-Enabled:** This cart can be made smart with a RFID tag allowing you to...
 - › Assign the cart to a specific location
 - › Generate data on waste, recycling, or organics participation rates in your community
- **Organics Ready:** Factory-installed, leak-proof lift bar and specifically designed overhang lid, with optional latch, limits water access and provides greater critter control
 - › Retention clips included for securing compostable liners
